A Warm Welcome to our Community…
from our family to yours

Pocono Medical Center
Welcome to the Neighborhood!

We’re glad you’re here! And, now that you’re part of our community, we know you’ve got a lot of exploring to do, like where to find the best schools for your kids and the restaurants with the tastiest food, along with a good gym or dry cleaner. Pocono Medical Center, or PMC as we’re known in the neighborhood, wants you to know that if and when you need our services, we’re here for you.

PMC has been a part of this community for more than a hundred years. In that time, with a mission to provide excellent care to the people living and working here, we’ve grown from a small community hospital into a regional, integrated healthcare system, with almost 300 doctors—both primary care physicians and specialists—on our medical staff.

If you need to schedule an appointment with a medical practitioner call 1-866-PMC-DOCS

Healthcare representatives are standing by to assist you Monday thru Friday 7am - 7pm and Saturday 8am – 12pm

Pocono Medical Center accepts Medicare as well as many commercial insurance plans.
Excellent Care, Close to Home: PMC Physician Associates offers three free-standing multi-practice healthcare centers featuring primary care physicians, specialists, and key services all under one roof, as well as numerous practice locations throughout the community, including one near you.

The Best Doctors, in Your Neighborhood: Whether you’re a full time resident, or you stay in our community seasonally, you’ll need to develop an ongoing relationship with a primary care physician. PMC Physician Associates also offers a variety of subspecialists treating diabetes, cancer, cardiovascular disease, geriatrics, neurological and rheumatic disorders, and more.

More Options through PoconoRapid.care: Pocono Medical Center now offers online check-in at the ER and Immediate Care Centers. If you or your family experiences a non-life threatening emergency you can now check-in online to set a spot in line, and you can do your waiting somewhere you feel more comfortable. Visit www.PoconoRapid.care
Building a Healthier Community: Our Services

The Mattioli Emergency Center features a Level III Trauma Center in one of the busiest Emergency Departments in Pennsylvania, offering services for all ages, including pediatrics. The American Heart Association/American Stroke Association awarded PMC with the Advanced Certification for Primary Stroke Care Centers and the Stroke Silver Quality Achievement Award. In addition, PMC’s ER recently completed a $3.8 million renovation that includes additional treatment areas to further enhance our patients’ overall experience, and will soon add neurosurgery to its list of specialties.

The Dale & Frances Hughes Cancer Center: One of PMC’s Centers of Excellence, Hughes Cancer Center is accredited by the American College of Surgeons Commission on Cancer as a Comprehensive Community Cancer Center. Our team includes a dedicated surgical oncologist, a breast surgeon, and highly acclaimed oncologists and nurse navigators. Named a Certified Quality Breast Center of Excellence by the National Quality Measures for Breast Centers, Hughes Cancer Center gives patients access to national clinical trials.
The ESSA Heart & Vascular Institute: Offering a complete line of state-of-the-art cardiovascular services, the institute features superior cardiothoracic surgeries, minimally invasive procedures to treat vascular conditions, advanced wound care services, and a comprehensive heart failure program.

Surgical Services: From planned to emergency procedures, PMC offers a full range of surgical services with top quality outcomes, as well as the region’s most technologically advanced surgical suites. PMC is home to the region’s most comprehensive joint replacement center, and offers the da Vinci Surgical System®, a groundbreaking robotic system that allows specialized surgeons to make highly precise movements via a three-dimensional view of the surgical site, with the benefits of less pain and faster recovery time for patients.
Women’s & Children’s Care: PMC offers a Level III Neonatal Intensive Care Unit; Board certified Nurse Midwifery Program; expert perinatologists; the full scope of gynecological care; reproductive counseling; and innovative treatment for disorders such as urinary incontinence, pelvic prolapse, abnormal bleeding, and uterine fibroids. We also specialize in endocrinology services, including treatment for infertility, menopause, osteoporosis, and more. Plus, our Bartonsville Healthcare Center is designated as a Breast Imaging Center of Excellence by the American College of Radiology.

Chronic Disease Services: Our experts treat and manage diabetic disorders, rheumatic disorders, obesity, and neurological disorders such as dementia, multiple sclerosis, stroke, seizure, and more. We also offer services for neurophysiology and sleep medicine, critical care and pulmonary medicine, hospice and palliative medicine, and additional at-home education and care through the Community Care Network.

PMC Immediate Care Centers provide exceptional care for treating most major illnesses and injuries for all ages, along with routine physicals, screenings and more. Our four centers conveniently located near you are open on a walk-in basis every day. Bartonville, Brodheadsville, East Stroudsburg and Tobyhanna are open every day from 8am to 8pm. Coming Soon: PMC Immediate Care Center in our new Blakeslee location! Walk in or set a spot online at any of our Immediate Care Centers at PoconoRapid.care.
Medical Labs and Imaging: With multiple convenient locations, services offered by PMC’s imaging centers include digital mammography, vascular imaging, ultrasound, 3D breast ultrasound, MRI, CT scan, X-ray, and bone density scan. In addition, free mammograms are available for patients with little or no insurance. PMC’s fully accredited outpatient labs offer accurate and timely testing for patients of all ages.

Visiting Nurse & Hospice: PMC’s Visiting Nurse and Hospice service is committed to serving our patients with the highest standards of excellence. PMC’s caring team of specially trained professionals and volunteers provide comprehensive, 24-hour hospice care services to patients and their families coping with the physical and emotional stresses of a progressive illness.

Healthy Living Initiatives: PMC Healthy Living is a free wellness program that includes educational talks on a variety of healthcare topics; free health screenings; and information on current health issues. A highlight of PMC Healthy Living is the Biggest Winner Challenge, a lifestyle program that gives participants the support they need to adopt healthy eating and exercise habits.

Our Quality Story

Pocono Medical Center is ranked by Healthgrades® among the Top 10 Percent of Hospitals in the U.S. for its Excellent Performance in Patient Safety & Quality

In addition, Healthgrades—a highly esteemed organization that objectively rates hospitals and physicians—has awarded Pocono Medical Center with its distinguished 2016 Patient Safety Excellence Award™, and has recognized PMC for clinical excellence in OB/GYN and Labor and Delivery. Other quality distinctions include an “A” Grade for Patient Safety by the Leapfrog Group for PMC’s continuing commitment to the highest standard of excellence in quality and safety for patients.

PMC has also been the recipient of numerous quality awards in several clinical areas, including the Joint Commission’s Gold Seal of Approval for Hospital Accreditation for our commitment to providing safe and effective care.
